

Compass Directions – The Port

A compass is an instrument used for navigation. A compass rose shows the directions North, South, East and West on its face abbreviated to N,S,E and W.

Help the Chaplain find her way to visit some vessels in the port.

1. From the start, go 3 squares North and 2 squares East, what vessel to you find?
2. Go two squares North and two squares West from START, what type of vessel are you boarding?
3. A seafarer on-board the container ship wants to post a letter home, direct her to the postbox.
4. Starting at the passenger ferry, direct the chaplain to the Oil Tanker.
5. Write directions from the MtS Centre to the Small Cargo Ship.
